## **Valley Mede Neighborhood Sewer Corrosion Repairs to Begin**

ELLCOTT CITY, MD – A Howard County construction project to repair a sewer main in the vicinity of the Valley Mede neighborhood, adjacent to U.S. Route 40 in Ellicott City has begun. The project will include the inspecting and lining of approximately 5,000 linear feet of sewer main. Weather permitting, the project should be completed in 60 days.

While the impact on residents in the surrounding area will be minimal during the project, there are approximately 50 nearby addresses that will be unable to use water for a period of four to eight hours sometime during the duration of the project. Those residents affected will be notified in advance and given the dates and hours when their water usage will be prohibited. There will be no excavation required and no impact on traffic during the construction.

For questions or concerns about Capital Project S-6232, contact Lisa Brightwell, Public Works Customer Service, at 410-313-3440, or by e-mail to [publicworks@howardcountymd.gov](mailto:publicworks@howardcountymd.gov).
